	The Current International Relations Among Asia Pacific Area	先修課程	無			
教學目標與內容	This course is designed for second semester of the juniour and senior students who are going to graduate in the near future to find a job internally or externally, so that they are compulsory to understand what happen outside Taiwan in the Asia-Pacific area and countries in terms of their economic and political policies. First of all, combining international relations theories and practical experiences, this course serves the purpose of cultivating students' cultural and economic background to know the relationship between government policy and enterprise's existence. Second, how and through what processes do the government make decisions and other policies? What are the connections between those policies and people? Third, through the "issue study" and "panel discussion", let students realize how to motivate and prepare
