科目簡介(含課程大綱及教學進度)：													

This course is designed to improve students' general English skills to an intermediate level, with a particular focus on reading and vocabulary development. The course will focus upon improving students reading skills in order to facilitate the effective use of English in a variety of academic fields and enable effective ongoing self-study. Using a variety of source texts designed to appeal to a wide range of interests, students will learn important reading skills such as anticipation, skimming, summarization etc. to increase reading comprehension and fluency. In addition, students will learn a significant body of vocabulary of practical use in various academic fields, as well as develop the ability to effectively identify and understand new words, and integrate these words into their own personal vocabularies.
