教學目標與內容	This course, designed for students of English as a Foreign Language, underlines the necessity and need of students' reading as well as vocabulary skills in this ever rapid and expanding world be it scientific or cultural. The textbook, divided into 16 units ,covers a wide range of topics such as: culture, fashion, travel, space and universe,business, medicine, education,literature, nature, etc..thus broadening the students' perspective and knowledge of modern English as well as the world of new words in use in the English literate and scientific community. Each unit depicts: a brief introduction; a reading skill; a reading vocabulary skill; and a discussion period. As mentioned earlier,this structure gives the students an in depth and overall view of the English language in the modern world .
