Course Description & Purpose	<p>English Conversation is a course designed to enhance the English listening and speaking skills of students of English as a second language. The course is also designed to enhance effective communication by involving students in role plays within common conversational settings. The settings involve communication in socializing, presenting information, shopping, eating out, entertainment, interviewing, asking questions, and answering questions. The purpose of the course is to develop the students' English listening and speaking skills. This purpose will be accomplished through the "hands on" use of student written dialogues and role plays designed to increase vocabulary, and increase the students' confidence in the use of their listening and speaking skills.</p>
