Course Description & Purpose	Business English Conversation is a course designed to enhance the English listening								
	and speaking skills of students of English as a second language. The course is also designed								
	to develop effective communication styles by involving students in role plays within								
	common business settings. The settings involve communication in presenting information,								
	participating in meetings, negotiation, and socializing.								
	The purpose of the course is to develop the students' awareness of cross-cultural								
	influences in effective communication, build business related vocabulary, and increase the								
	listening and speaking skills of the students in a business setting.
